DECEMBER 2024

Nate Eigher, Assistant Principal

Indian Hill Primary School  
6207 Drake Rd, Cincinnati, OH 45243

**Dear Mr. Eigher,**

I am writing to inform you of my utmost interest in serving in the Indian Hill School District. I consider it a privilege to have received the opportunity to complete my student teaching experience at your school. I learned so much about how students learn and how we, as teachers, can personalize the learning experience for them through Project-Based Learning. The Indian Hill School District's proficiency in student-centered education, based on the five Cs of communication, collaboration, critical thinking, creativity, and citizenship, was truly impressive.

Having the opportunity to serve at your school, I found my belief in the reciprocal and ever-evolving nature of teaching and learning reinforced by the exceptional growth opportunities you provide for educators. During my clinical experience at your school, I witnessed firsthand the resources and collaboration among teachers, which not only elevate the standards for your school district but also nurture your students with state-of-the-art facilitation of well-rounded educators and learning resources. This is why I am confident that the environment at your school will foster my growth as a new teacher.

I understand that you may not currently have open positions for new educators, but if such opportunities become available, I would like to be considered. I am confident that my collaboration skills, PBL background, and training in all student learning resources, including Inercabulary, Google Classroom, eSpark, and Epic, will make me an excellent fit for Indian Hill Primary School. Thank you very much!

Sincerely,

Ann Allmand
